**SHREE GURUDEV DATTA**  
**ENVIRO CONSULTANT**  
Sustainable Solutions  
for a Better Tomorrow

# ABOUT US

**Shree Gurudev Datta Enviro Consultant** is a professional environmental consultancy firm with over 10 years of experience in providing comprehensive and regulatory-compliant environmental solutions across Maharashtra and India.

We specialize in pollution control, environmental monitoring, waste management, environmental audits, MPCB liaison, CGWA NOC assistance, and sustainable engineering solutions tailored for the industrial and commercial sectors.

Backed by strong technical expertise and support from NABL & MoEF & CC approved laboratories, we are committed to delivering accurate, efficient, and practical environmental solutions that help industries achieve statutory compliance and sustainable operational performance.

Our client-focused approach, combined with technical excellence and regulatory knowledge, enables us to support industries in meeting environmental responsibilities with reliability and professionalism.

**10+** YEARS  
OF PROFESSIONAL  
EXPERIENCE

**50+**  
SATISFIED  
CLIENTS

**INDUSTRY  
FOCUSED**  
SOLUTIONS FOR EVERY  
ENVIRONMENTAL NEED

**COMMITTED TO  
A GREENER  
TOMORROW**

## WHAT WE STAND FOR

**INTEGRITY**  
We uphold the highest standards of honesty and transparency.

**RELIABILITY**  
Delivering consistent and dependable services with professionalism.

**SUSTAINABILITY**  
Promoting sustainable practices to protect our environment for future generations.

**EXCELLENCE**  
Striving for technical excellence and continuous improvement.

**COMMITMENT**  
Dedicated to client satisfaction and environmental responsibility.

Sustainable Solutions **for a Better Tomorrow.**

**SHREE GURUDEV DATTA**  
**ENVIRO CONSULTANT**  
Sustainable Solutions  
for a Better Tomorrow

# OUR VISION, MISSION & QUALITY POLICY

Guided by our purpose and driven by our commitment, we strive to deliver sustainable solutions that create value for industries and a better future for the environment.

## VISION

To become a trusted and leading environmental consultancy organization by delivering innovative, sustainable, and regulatory-compliant solutions that support responsible industrial development and environmental conservation.

## MISSION

To provide comprehensive environmental consultancy services with the highest standards of professionalism, technical expertise, and regulatory compliance.

We are committed to assisting industries with reliable, efficient, and sustainable solutions that enhance environmental performance, ensure statutory compliance, and contribute to a cleaner and greener future.

## QUALITY POLICY

At Shree Gurudev Datta Enviro Consultant, we are committed to delivering high-quality environmental consultancy services through technical excellence, accurate assessments, timely execution, and compliance with applicable environmental regulations and standards.

We continuously strive to improve our services, adopt sustainable practices, and maintain the highest level of client satisfaction by providing reliable, efficient, and industry-focused environmental solutions.

**Sustainable Solutions**  
for a Better Tomorrow.

**SUSTAINABILITY**  
for Future  
Generations

**INTEGRITY**  
in Every  
Commitment

**INNOVATION**  
for Smarter  
Solutions

**RESPONSIBILITY**  
Towards Industry  
& Environment

**SHREE GURUDEV DATTA**  
**ENVIRO CONSULTANT**  
Sustainable Solutions  
for a Better Tomorrow

# CORE SERVICES

We provide end-to-end environmental solutions designed to ensure regulatory compliance, minimize environmental impact and promote sustainable growth.

**01**  
**ENVIRONMENTAL MONITORING & ASSESSMENT**

Comprehensive monitoring of air, noise, water, stack emissions, work zone, illumination and ventilation as per CPCB & NAAQS standards.

**02**  
**WATER & WASTE WATER ANALYSIS**

Accurate testing and analysis of drinking water, ETP/STP, process water, groundwater, surface water and specialized standards.

**03**  
**MPCB COMPLIANCE & CONSENT SERVICES**

End-to-end support for MPCB consents, annual returns, manifests, environmental statements and regulatory filings.

**04**  
**CGWA NOC SERVICES**

Professional assistance for CGWA NOC applications, regulatory, compliance management, surveys, RWH feasibility & reporting.

**05**  
**ETP / STP / WTP DESIGN, INSTALLATION & O&M SERVICES**

Design, engineering, installation, operation & maintenance of ETP, STP, WTP and other environmental systems with process optimization.

**06**  
**AIR & WATER POLLUTION CONTROL SOLUTIONS**

Advanced solutions for emission control, effluent treatment, pollution prevention and resource efficiency improvement.

**07**  
**SOLID, HAZARDOUS, PLASTIC & E-WASTE MANAGEMENT**

Complete waste management solutions including authorization, handling, disposal, recycling and compliance documentation.

**08**  
**ENVIRONMENTAL COMPLIANCE AUDITS & REPORTING**

Detailed environmental audits, due diligence, gap analysis and regulatory reporting as per legal requirements.

**09**  
**ENVIRONMENTAL CLEARANCE SERVICES & POST EC COMPLIANCE SERVICES**

Providing end-to-end support for environmental approvals, regulatory compliance, monitoring, reporting, and sustainable project execution as per government norms and environmental standards.

Delivering Integrated Environmental Solutions with Expertise, Commitment and Integrity.

**EXPERTISE**

Driven by knowledge and experience

**COMPLIANCE**

Aligned with regulations and standards

**SUSTAINABILITY**

Building a cleaner and greener tomorrow.

**CLIENT FOCUS**

Solutions tailored to your needs

# ENVIRONMENTAL MONITORING & ASSESSMENT

Reliable monitoring and assessment services to evaluate environmental conditions, ensure regulatory compliance and support effective decision making for a sustainable environment.

**01**  
**AMBIENT AIR QUALITY MONITORING**  
(As per NAAQS Standards)

- Monitoring as per NAAQS Standards
- PM10, PM2.5, SO<sub>2</sub>, & NO<sub>x</sub> Monitoring
- Industrial & Environmental Air Assessment

**02**  
**STACK EMISSION MONITORING & COMPLIANCE ASSESSMENT**

- Boiler & DG Stack Monitoring
- Particulate Matter Analysis
- Compliance Evaluation & Reporting

**03**  
**NOISE LEVEL MONITORING**  
(Spot & 24-Hour Monitoring)

- Spot Noise Monitoring
- 24-Hour Noise Monitoring
- Industrial & Commercial Area Assessment

**04**  
**WORK ZONE AIR QUALITY MONITORING**

- Workplace Exposure Monitoring
- Occupational Air Quality Assessment
- Worker Safety Monitoring

**05**  
**LIGHT ILLUMINATION & LUX LEVEL SURVEY**

- Lux Level Measurement
- Workplace Illumination Study
- Industrial Lighting Assessment

**06**  
**VENTILATION ASSESSMENT & AIR CHANGE CALCULATION**

- Air Change Calculation
- Ventilation System Evaluation
- Workplace Comfort Assessment

## KEY BENEFITS

# WATER & WASTEWATER ANALYSIS

Advanced analytical testing for all types of water to ensure quality, safety, compliance and environmental protection.

**01**  
**DRINKING WATER QUALITY TESTING**  
(IS 10500)

- Testing as per IS 10500 standards
- Physical, chemical, and microbiological analysis
- Safe drinking water assessment
- Water potability certification support

**02**  
**ETP/STP INLET & OUTLET WATER TESTING**

- Inlet and outlet water quality testing
- Performance monitoring of treatment plants
- Regulatory compliance assessment
- Sludge and treated water analysis

**03**  
**DOMESTIC & PROCESS WATER QUALITY MONITORING**

- Regular quality monitoring
- Process water parameter control
- Helps in maintaining system performance

**04**  
**GROUNDWATER QUALITY TESTING**

- Groundwater sampling and analysis
- Borewell water quality assessment
- Hydrogeological support studies
- Compliance-based groundwater evaluation

**05**  
**BOILER & COOLING TOWER WATER ANALYSIS**

- Scale, corrosion and deposit analysis
- Ensures efficient system performance
- Extends equipment life

**06**  
**SURFACE WATER & STORMWATER ANALYSIS**

- Analysis of lakes, rivers, drains & stormwater
- Monitoring pollution & water quality
- Supports regulatory compliance

**07**  
**HEAVY METALS, MICROBIOLOGICAL & TOXICITY TESTING**

- Toxic metal analysis
- Chemical contamination assessment
- Industrial pollutant monitoring
- Advanced laboratory testing support

**08**  
**WATER BALANCE & POLLUTION LOAD ASSESSMENT**

- Water balance study & calculations
- Pollution load assessment
- Supports sustainable water management

## KEY PARAMETERS ANALYZED

pH, TDS,  
Turbidity

BOD, COD,  
DO, TSS

Hardness,  
Alkalinity, Chloride

Heavy Metals  
(Pb, Cd, Cr, Hg, etc.)

Microbiological  
Parameters

And Many  
More

### OUR COMMITMENT

Delivering accurate results, reliable data and actionable insights for a healthier environment.

NABL & MoEF & CC  
Approved Laboratory  
Support

Advanced Instruments  
& Standardized  
Methodologies

Timely Reporting  
& Expert  
Interpretation

# MPCB CONSENT & COMPLIANCE SERVICES

Maharashtra Pollution  
Control Board

END-TO-END SUPPORT FOR ALL MPCB-RELATED CONSENTS,  
RETURNS, FILINGS AND COMPLIANCE TO ENSURE SMOOTH  
OPERATIONS AND 100% REGULATORY ADHERENCE.

**01**  
MPCB LIAISON &  
CONSENT COMPLIANCE  
MANAGEMENT

Complete liaison with MPCB officials and ensuring ongoing compliance with applicable environmental regulations.

**02**  
MPCB CONSENT  
APPLICATION

- Consent to Establish (CTE)
- Consent to Operate (CTO)
- Amendment Applications
- Consent Renewals

**03**  
MPCB FORM 4 –  
HAZARDOUS WASTE  
ANNUAL RETURN FILING

Preparation and filing of Form 4 for Hazardous Waste Annual Returns as per MPCB guidelines.

**04**  
MPCB FORM 5 –  
ENVIRONMENTAL  
STATEMENT FILING

Preparation and submission of Environmental Statement in Form 5 as per the Environment (Protection) Rules.

**05**  
HAZARDOUS WASTE  
MANAGEMENT  
COMPLIANCE

Implementation of proper storage, handling, treatment, disposal and documentation of hazardous waste as per legal requirements.

**06**  
MPCB FORM 10 –  
HAZARDOUS WASTE  
MANIFEST

Preparation and filing of Form 10 (Hazardous Waste Manifest) for authorized transportation and disposal of waste.

**07**  
HAZARDOUS WASTE  
TRANSPORTER  
AUTHORIZATION SUPPORT

Assistance in obtaining and renewing authorization for hazardous waste transporters.

**08**  
ENVIRONMENTAL AUDITS  
(AS PER MPCB & LEGAL  
REQUIREMENTS)

Conducting environmental audits and due diligence to ensure compliance with MPCB norms and legal requirements.

## Why It Matters?

Avoid Penalties  
& Legal Actions

Ensure Smooth  
Operations

Maintain Environmental  
Responsibility

Strengthen  
Corporate  
Reputation

We Help You Stay Compliant,  
So You Can Focus on Growth.

# CGWA NOC SERVICES

Expert support for all CGWA NOC related requirements ensuring compliance, sustainable groundwater use and regulatory adherence.

1. CGWA NOC –  
New Application Processing.

2. CGWA NOC –  
Renewal Support.

3. CGWA NOC Compliance.

4. Water Audit.

5. Hydrogeological Survey &  
Groundwater Assessment Reports.

6. Rainwater Harvesting (RWH)  
Feasibility Study & RWH Report  
Preparation.

7. Supply and Installation of  
Digital Water Flow Meters (DWFM).

8. Supply and Installation of  
Digital Water Level Recorders (DWLR).

## SUSTAINING WATER TODAY SECURING TOMORROW

Supporting responsible groundwater  
management and environmental sustainability  
for a better future.

100%  
Regulatory  
Compliance

Sustainable  
Groundwater  
Management

Expert Technical  
Support

Accurate Surveys  
& Reliable  
Reporting

Environmentally  
Friendly  
Solutions

Sustainable Solutions  
for a Better Tomorrow.

Expertise  
You Can Trust

Commitment  
You Can Rely On

Future  
We Build Together

# ETP/STP/WTP DESIGN, INSTALLATION & O&M SERVICE

Engineering Solutions  
for a Cleaner,  
Greener Tomorrow.

End-to-end engineering solutions for Environmental Pollution Control Systems and wastewater treatment ensuring efficiency, reliability and regulatory compliance.

	<p><b>01</b> ENVIRONMENTAL ENGINEERING DESIGN</p>	<p>Custom design of ETP, STP, WTP, RO plants and air pollution control systems as per industry needs and regulatory standards.</p>	
	<p><b>02</b> ETP / STP / WTP DESIGN &amp; ENGINEERING</p>	<p>Design and engineering of efficient treatment systems ensuring optimum performance, low operating cost and compliance with norms.</p>	
	<p><b>03</b> POLLUTION CONTROL EQUIPMENT DESIGN</p>	<p>Design of air pollution control equipment including scrubbers, bag filters, cyclones, ducts and chimneys.</p>	
	<p><b>04</b> PLANT OPERATION &amp; MAINTENANCE SERVICES</p>	<p>Professional operation and maintenance for ETP, STP, WTP and pollution control systems for consistent performance.</p>	
	<p><b>05</b> PROCESS OPTIMIZATION &amp; PERFORMANCE IMPROVEMENT</p>	<p>Process evaluation, troubleshooting and system optimization to improve efficiency, reduce downtime and achieve cost savings.</p>	
	<p><b>06</b> TURNKEY PROJECT SOLUTIONS</p>	<p>Complete turnkey solutions from concept to commissioning including design, supply, installation, testing and training.</p>	

## OUR VALUE ADD

<p><b>COMPLIANCE FOCUSED</b></p> <p>Tailored engineering solutions for diverse industry needs.</p>	<p><b>COMPLIANCE FOCUSED</b></p> <p>All systems designed to meet MPCB &amp; statutory norms.</p>	<p><b>HIGH EFFICIENCY SYSTEMS</b></p> <p>Optimized designs for better performance and lower OPEX.</p>	<p><b>SUSTAINABLE APPROACH</b></p> <p>Environmentally friendly solutions for long-term sustainability.</p>	<p><b>EXPERT TEAM</b></p> <p>Experienced engineers and technical experts at every step.</p>	<p><b>AFTER-SALES SUPPORT</b></p> <p>Reliable support and AMC for uninterrupted operations.</p>
